

## A workshop to help keep you happily married.

Creating the Happily Ever After is a workshop focused on teaching valuable life skills for marriage using a Christian perspective. The workshop allows couples to uncover hidden expectations within their relationship. Topics covered include:

- Communication skills & conflict resolution
- The value of money & how it may affect your marriage
- Family backgrounds & their influence
- Understanding needs & expectations
- Prayer & spirituality in your marriage
- Keys to a successful interfaith marriage
- Decision-making & dealing with change
- Boundaries within marriage & families

The workshop is facilitated by trained volunteer couples who strive to provide a variety of thought-provoking and fun activities designed to enhance and strengthen your relationship for the days following the wedding. Couples view multimedia presentations, participate in relationship exploration exercises, and share in small group discussions. Most meals are provided.
